## We Love Our Residents

At Heritage Crossing Apartments, we value each and every resident. If you've recently joined our community, thank you for choosing us. If you've been with us a while, thank you for your continued residency! It takes great people like you to make our community a great place to call home!

## One Request on Maintenance Requests

Please do not stop our maintenance workers while they are out on property to ask for a maintenance visit. They would love to help, but are required to follow procedure when scheduling their day. That's why we have maintenance request forms for you to fill out in the office or via fax. Thanks for complying with this request!

## Hats off to Mom!

We pay tribute to all the special moms at Heritage Crossing Apartments for the many hats you wear. Teacher, friend, homemaker, business manager, banker, cook, confidant, mentor, nurse, counselor, cheerleader, coach; the list of hats you wear is endless. You're a feather in our cap and we celebrate each and every one of you! Happy Mother's Day!

## Life Hacks

- **Worried about all the gross bacteria on your kid's Legos?** Throw them in a mesh laundry bag and put them through the wash.
- **Need some change?** Put your cash into a vending machine and hit the coin return button without ordering anything.
- **Hate getting those squeaky, wobbly, or bumpy carts at the grocery store?** Try grabbing one from the parking lot before you enter the store. People usually ditch the bad ones inside, and it also gives you a chance to test it out before you start shopping.

## Memorial Day Weekend

Though you realize that Memorial Day will be a solemn day of remembrance, the three-day break from work offers two days before Memorial Day when you can rest, organize your thoughts, or put them aside for a time. You can have a picnic or barbecue with family or friends and celebrate life before honoring the fallen.

Have a good time on Saturday and Sunday, but show some respect on Monday and your weekend will be complete.

## Senior Skincare Tips

Research shows that older skin is thinner, more sensitive and has accumulated more damage from the elements. Moisturizing and exfoliation can help you shed dead skin cells, a process that slows after 30, to improve overall appearance. As for sun damage: Wear a hat, apply sunscreen with an SPF of 29 or greater and avoid the sun's rays between the hours of 10 a.m. and 3 p.m.
